

Smart IP Camera

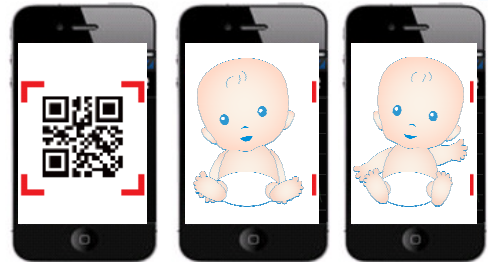

UBC-006W Series

Application for Smartphone & Pad

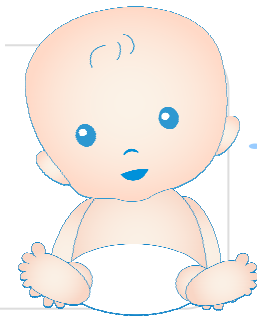

2.4G P2P Internet Video & Audio Monitor

Supporting Android/iOS Smartphone & Pad

IEEE 802.11b/g Wi-Fi

Internet

- Baby monitor
- Older People monitor
- Home environment Instant surveillance

Features

H.264

IR Cut

iOS
Android

Pan / Tilt

- P2P technology for plug and view
- H.264 High quality compression
- Two-way audio communication
- Built in infrared for day and night monitoring
- Motion detection, alarm recording and event list
- Micro SDHC card for video recording
- QR code scan for easy configuration
- Live monitoring and snapshot
- Pan/tilt control
- Video and event list playback from SD card

Smart IP Camera

Specification

Item	Type	Specification
Smart phone APP	Smart phone OS	iOS4 and above, Android 2.2 and above
	ID enter method	QR code scan
	Basic function	Live view, P/T control, Snap shoot, Event list, SD card recorded video play back
System	Operation system	Embedded Linux OS
	Security	Changeable user password All packet encrypt by AES
	Local storage	Support up to 32G TF Cards
	Pan / Tilt	Pan:270°, Tilt:90°
Camera	Alarm	Motion detecting / 1 way input GP I/O
	Image sensor	1/4inch 0.3 Megapixel CMOS sensor
	Minimum Illumination	0.3Lux
	Night vision	10 Φ 5mm LEDs IR Distance: 5m
	IR-CUT	Built in IRCUT no color cast in day, clearer images at night
Video	Lens	Standard 3.6mm
	Video Compression	H.264
	Resolution	VGA(640x480) /QVGA(320x240)
	Maximum frame rate	25fps
Audio	Auto adjustment	Auto White Balance, Auto Exposure, Automatic Gain
	Encode formats	ADPCM
	Input	Built in Microphone
Network	Output	One channel linear output
	Socket	RJ-45 Ethernet slot
	Protocol	TCP/IP HTTP TCP UDP DHCP UPnP P2P
Physical Index	Wi-Fi	Wi-Fi 802.11 b/g/n
	Power	DC 5V2A
	Consumption	<6W
	Working temperature/ Humidity	10~50 , 10%~85%
	Weight	Gross 656g (Reference only)
	Package size	200*120*179mm (L*W*H)

Note: The product specification is subject to change without notice.
